PROBABLE CAUSE:

Complainant prays that said defendant be dealt with according to law. Complainant is a sworn officer with the City of West Bend Police Department and bases their information upon review of the official police report of Detective Brock Bateman of the West Bend Police Department who reported that he was assigned to assist in a suspected possession of child pornography case that came forward from the National Center of Missing and Exploited Children (NCMEC) through a Cyber Tip which was reported to the Department of Justice on or about September 6, 2024. Detective Bateman received information from the Department of Justice, Department of Criminal Investigation, Criminal Analyst Alyssa Crain regarding a Cyber Tip from Google in reference to Ryan Murphy, the defendant herein, that 82 reported files characterized as child sexual abuse material had been uploaded on September 5, 2024, at 8:43 CST. There were email addresses associated with the account: [REDACTED] and [REDACTED] a date of birth, a mobile phone, and a login IP address of [REDACTED] with an internet service provider for the IP address identified as AT&T. Special Agent Crain obtained an Administrative Subpoena for AT&T to disclose subscriber information, service address, and the duration of the assignment for the IP address. Detective Bateman received information that on October 21, 2024, AT&T provided the requested records reporting that IP address [REDACTED] was assigned to Ryan Murphy at [REDACTED] [REDACTED], in the City of West Bend, Washington County, Wisconsin, since July 31, 2024; and a phone number [REDACTED] and an email address: [REDACTED]

Detective Bateman reported that he reviewed the 82 images/videos uploaded to the google account attached to the Cyber Tipline Report, and noted that some of the files overlapped each other and that some still images were captured from the videos. Detective Bateman reported that the files depicted child sexual abuse material, and all of the children depicted in the images appear prepubescent and on as approximately 18 months old. Detective Bateman submitted the MD5 has values from the 82 files in this Cyber Tipline Report to the NCMEC portal which identified one Hash Value as containing an identified child, 68 Hash Values characterized as "Recognized," and 13 characterized as "Unrecognized." Detective Bateman was able to verify through various records that Ryan D Murphy is associated with the residence, and obtained a search warrant for residence, Ryan D Murphy, a vehicle, and all electronics within the residence.

Detective Bateman reports that on October 30, 2024, at 5:45 a.m., he and members of the West Bend Police Department executed the search warrant at [REDACTED] in the City of West Bend, Washington County, Wisconsin, and identified the sole occupant as Ryan D Murphy, the defendant herein. Detective Bateman spoke with the defendant in the front passenger seat of his squad, and defendant made statements which complainant believes as statements against defendant's penal interest, wherein defendant confirmed he has lived at the residence since July 15, 2024, and lives by himself. Defendant confirmed his

internet provider was AT&T, defendant provided email addresses, including [REDACTED]. Defendant admitted he received a text notification that his email [REDACTED] was suspended, which he had created about 10 years ago. Defendant stated he viewed pornography once or twice a week through PornHub.com. Defendant stated he purchased a female's month long subscription for \$10. When asked about adult diapers and onesies found in the residence, defendant stated he has addiction to Adult Baby Diaper Lover since freshman year of college. Defendant stated that he has a fascination over wearing the diapers, and wears them for comfort. Defendant stated that he meets other people with the same fetish on the application "Fet Life." Defendant stated that he also uses the website "diaperbois.com" to meet other men with a diaper fetish and to communicate with them. Defendant stated that he visited a website, "TBModels.com" which stands for team boys, and bought \$100 worth of files from the website. Defendant stated the purchase was of three (3) zip files, one called "Star Diaper." Defendant stated that he anticipated the file containing 14-15 year old boys wearing diapers and posing. Defendant stated the other two zip files were called "dark web," and "dark web 2," which he discovered contained child pornography. Defendant stated the thumbnails associated with the purchase depicted 14-15 year old boys in diapers.

Detective Bateman obtained a post-Miranda statement from the defendant, which statement complainant believes as a statement against defendant's penal interest, wherein defendant stated that once he realized the files he purchased contained child pornography, he tried to delete them but was not able to do so. Defendant worked in the Information Technology Department at his job, and Detective Bateman questioned defendant about his computer abilities. Defendant stated in September 2024, he used cryptocurrency to purchase three zip files from TBModels.com defendant stated he was interested in young teen boys wearing diapers. Defendant stated once he purchased the files, he downloaded them to the D Drive on his computer. Defendant stated he attempted to upload the files to this Google driver, but then received the text message from Google saying his account was suspended. Defendant stated he then looked at the majority of images included in the files and observed many of them were child pornography. Defendant admitted he did not try to delete the images immediately. Defendant stated for about the next month he would view the child pornography about once a week. Defendant claimed he made an attempt to delete the child pornography in October because he was disgusted with himself. Defendant estimated the files he bought included approximately 200 images. Defendant stated that he did not masturbate to the child pornography or the teens in diapers, he only looks at the images. Defendant, whose residence is within 400 feet of a school, stated he has never recorded any children himself, is not attracted to children, and has never had sexual contact with a child.

Detective Bateman reported that numerous items were removed from the defendant's residence. While on scene, Criminal Analyst Jason Ruff from the Wisconsin Department of Justice, Division of Criminal Investigations completed a forensic download of defendant's phone and computer hard drives. Analyst Ruff flagged nearly 200 files of suspected child sexual abuse material on the hard drive of defendant's laptop computer recovered next to the defendant's bed. After locating the 200 files, Analyst Ruff discontinued his search.

Detective Bateman reviewed several of the files extracted from the defendant's computer, and observed that several of the images depicted prepubescent males engaged in sexual acts. Detective Bateman describes 15 files as follows:

As to Count 1: File Name: Jura 4.avi

A third subject is clearly holding the camera to capture the abuse. At 13 seconds into the video the adult male pulls down his pants and exposes his penis. The adult male then moves the child to a position where the child is laying on the rock with his feet off the ground. The adult male is scene holding a pink tear drop shaped item, commonly referred to as a butt plug. The adult grabs a clear bottle of liquid and squeezes it on the child's anus. 50 seconds into the video, the adult male leans over the child and begins rubbing his penis in-between the child's buttocks. At 1 minute and 4 seconds the child is seen showing a facial expression commonly associated with pain. The adult male backs away from the child while stroking his own penis. The adult male inserts his left index finger into the child's anus. The adult male then uses his thumbs to spread the child's buttocks. The child then grabs and spreads his own buttocks apart. The adult male again leans toward the child and rubs his penis between the child's buttocks. The adult male subject continues to stroke his own penis and placing his penis between the child's buttocks until 2 minutes and 27 seconds into the video. The adult male backs away and appears to be giving the child verbal instructions to move. At 2 minutes and 56 seconds the child lays on his back, with his knees pulled to his chest. The child's testicles are exposed at this time. The adult male approaches the child and applies a clear substance to his penis and the child's anus.
